SUFFER HEAVY LOSS.Columbus, Akron and Iroquois
Suffer Great Damage
and Many Injuries.

Winds, O., March 21.—William Wick, 75, was instantly killed and six or eight others were believed to have been injured in the debris caused when the smoke-stack at the county infirmary was blown down by high winds today. Three others are known to be injured. The property loss in this and Seneca county will amount to the thousands of dollars. Heavy work is hampered by tottering walls.

Wreckage in Cleveland.
Cleveland, O., March 21.—A 56-hour gale, accompanied by swept Cleveland and northern Ohio today. Much property damage done, but no fatalities have been reported. In Cleveland, a tall chimney fell over on the roof of the mura apartments and crashed through the three upper floors, but residents escaped uninjured.

Buried in Debris.
Cincinnati, O., March 21.—Wind over a 45-foot brick smoke at the Advance Fire Clay works at Urichsville this morning. Frank Wrench, a workman buried in the debris but still hurt.

5 Killed; 50 Injured.
Memphis, Tenn., March 21.—Five men were killed and more than 50 injured by the storm last night. The crew of the St. Louis and San Francisco railroad passenger train which arrived here also reported one dead and injured at Hoxie, Arkansas, and own practically destroyed. At damage was done at Poplar and the country between point and Hoxie.

Lightning struck the county jail at Covington, Ky., hurling the fifteen foot to the ground and bounding six prisoners, all negroes, from iron cells. The prisoners were a into a panic. The iron cells were made perfect conductors of lightning created the impression the cell house was on fire. Wind reached a maximum of 40 miles an hour here and much damage was done.

Houses Blown Down.
Sevierport, La., March 21.—Severous were blown down in land, another in Blenville and several thousand dollars property damage was done. The of Joe Dandall, in Gibbs Land, down from its foundation, carried the air several hundred and deposited outside the

Great Property Loss.
Irisville, Ky., March 21.—First from points in the Central swept by a terrific windstorm and early today tell of considerable property damage, but life is not mentioned. Wires down throughout Kentucky and of Tennessee. A sixty-mile an wind blew at Nashville and it reported half the public square, Spotsboro, Tenn., had been away.

Light found communication from almost all points south Ohio river. Trains from four to ours behind their schedules. Outs were reported from many along railroads in Kentucky, Indiana and Tennessee. Louisville, the weather bureau gauge recorded a velocity of 45, the highest on record at station. A farmer driving to the from Mount Washington a load of marketing escaped only slight injuries when the seized his team and wagon, and them into a field adjoining ad.

few points with which communication was established this morning reported that early crops been severely damaged. The Louisville amounted to about 10 and in the several states suffered from the storm is varied. Estimated at from two to million dollars. At wire routes south of Louisville to be abandoned and early communication by telephone and with points south of the river could be established only at Washington. The great difficulty has been experienced in

teaching points in the Ohio and Central Mississippi valleys.

Derricks Blown Down.
Marietta, O., March 21.—Oil fields suffered most from the near cyclone which swept over this section today. Derricks by the score are down and operations have been suspended in the Reas Run field that will mean thousands of dollars loss to operators. A number were injured, none seriously.

Meridian, Miss., March 21.—Several negroes were reported killed by a wind storm which struck a settlement last night, five miles north of Macon, Miss. It was feared severe damage was wrought by the storm in the northern part of the state, but communication with that section was impossible because of the demoralized condition of telephone and telegraph wires.

Looping the Loop.
New York, March 21.—The wire chiefs spent five hours and tried various combinations before they found a route between New York and Chicago. And then they succeeded only after they had given up trying to put a wire through the area of storms and gone around it with a sweep that touched the Gulf of Mexico, the eastern Rockies and the Canadian border, a circuit of nearly 5,000 miles.

The Associated Press, which ordinarily reaches Chicago from New York via Columbus, O., with a wire only 900 miles long, hitched up its various circuits to make the connection with relays at the following points:

Washington, Atlanta, New Orleans, Dallas (Texas), Denver, Omaha, Des Moines and Minneapolis to Chicago.

Storm Hits South.
Memphis, Tenn., March 21.—Reports from north Mississippi, west Tennessee, southwest Kentucky and north and east Arkansas which were swept by a severe wind and rain storm last night and early today are delayed because of an almost complete prostration of telegraph and telephone wires entering this city. No loss of life had been reported up to an early hour today.

No definite advices have been received here from Hoxie, Ark., where the wind is said to have blown down a large number of houses and injured a score of persons. During the height of the storm wire communication was cut off.

FIRST DAY IN
PENITENTIARYSpent in Prison Hospital by
Former Senator Geo.

Cetone.

CONVICTED SOLON
VICTIM OF DISEASE.Quartet of Men Who Sold
Out for Small Sums,

Now All in Jail.

Columbus, O., March 21.—Suffering from rheumatism, former State Senator George K. Cetone, of Dayton, convicted of bribery while a member of the last legislature, spent his first day in the prison hospital, after being received at the penitentiary late yesterday to serve his three-year sentence.

The former senator was given number 41,917 by which he will be known during his incarceration. With the arrival of Cetone, all four of the men who were trapped in their alleged bribery schemes by a telephone device, as claimed by the state, are now in the penitentiary. The others are Senators Huffman and Andrews and Rodney J. Diehl, who was sergeant-at-arms of the last senate, and who was charged with being the go-between for the senators and bribers.

Forty-four banks
lose state funds
through low bids.

Columbus, O., March 21.—According to a statement given out by State Treasurer Brennan today of the 146 banks that will handle state funds this year 102 of them had state funds on deposit last year. The remaining 44 will have state money on deposit this year because they offered a greater rate of interest than those that lost out.

The state board of deposits today approved the contracts awarding funds to the 146 banks, all of which bid 3.65 or more.

King Constantine, New Ruler of Greece

The new king of Greece, 45 years old, was born in Athens five years after his father accepted the crown of Greece. His early education was received from foreign tutors, who taught him German, English, French, Danish and Latin. He is considered a much stronger character than the late king, who for the past few years has not been popular with the Greeks. Four years ago, when he was commander-in-chief of the army, there was considerable feeling against him. He gave up his command and was on his way to St. Petersburg to join the army of the czar. Then the Greeks relented and he went back to his place.

BARTHOLOMEW LEAD
NEW CABINET OF
FRENCH REPUBLIC.

Paris, March 21.—Jean Barthou, minister of justice in the retiring French cabinet, today accepted the president's invitation to head the new cabinet. He called on President Poincaré at the palace of the Elysee this morning and informed him that as the result of inquiries he was sure of an ample majority to support him in the chamber of deputies and also in the senate, at least until the electoral reform bill comes up again for discussion.

It was the lack of support for this measure which brought about the fall of the Briand cabinet.

PUBLISHER'S FAITH
IN POWER OF ADS.
SAVES HIM FORTUNE

New York, March 21.—W. A. Hall, president of a magazine company, was robbed in the subway of \$45,000 worth of negotiable securities. The theft became known early today through an advertisement in which Mr. Hall offered a large reward for the return of the papers with "no questions asked."

Mr. Hall was on his way from Wall street to the Grand Central station to deliver the securities, which he had just indorsed, to another man. He had placed them in an inside pocket of his coat, which he had buttoned, but when he stepped off the train at the Grand Central station he found that one of the buttons had been clipped off and the securities were missing. He remembered three men who had jostled him in the train, but he declares he will not prosecute the thieves if they return the securities.

EXPENSIVE PRISON
ON LUDLOW STREET
FOR ALIMONY CLUB.

EXPENSIVE PRISONER.
New York, March 21.—It costs the city \$10 a day to keep each civil prisoner in the Ludlow street jail, according to a report which investigators have prepared for Mayor Gaynor. The jail is known as "The Alimony club," because the prisoners are mainly men who refused to pay alimony.

According to the investigators, some of the prisoners have more comforts at the jail than they did at home. There are 24 attendants in the jail, while there are seldom more than a dozen prisoners and sometimes as few as three or four. The investigators will present figures to show that the city could save money by boarding both prisoners and guards at the best hotels.

MONEY SAVED BY
AN OPEN WINTER
MUST GO FOR ICE.

New York, March 21.—Winter ended at 12:10 o'clock this morning, according to the Vernal Equinox, with New York City having had less snow and cold weather than for many years. Practically all of the \$500,000 which the city usually spends for snow removal was saved. Repeatedly warm weather records for winter, which had stood for 20 years and more, were broken. Navigation of the Hudson has been practically continuous and the ice harvest in this state is less than half the normal.

Spring entered warmly with the city enveloped in a thick fog.

NEW RULER
OF GREECE
TAKES OATHCONSTANTINE, ELDEST
SON OF MARTYRED
GEORGESwears Allegiance in Presence
of Highest Officials
of Kingdom.SIGNS THE OATH
AMID WILD CHEERSRoyal Procession Leaves
Amid Salute of 101
Guns.King Constantine Will Has
ten to Saloniki, to Join
Greek Army.

Athens, Greece, March 21.—King Constantine, of Greece, took the constitutional oath of office in the chamber of deputies today under auspicious circumstances in the presence of the highest officials of the state and the entire parliament.

The Metropolitan of Athens, who was surrounded by the members of the Holy Synod in full canonicals, offered prayer and then read aloud the oath which the king repeated in a firm voice.

The king then signed the oath and all the cabinet ministers and the Metropolitan countersigned amid the hearty cheers of the deputies.

A salute of 101 guns was fired when the royal procession left the palace for the chamber of deputies. Brilliant weather had brought out great crowds who cheered the king on his way, and military bands stationed at intervals played the national anthem.

The king will start for Saloniki tonight.

REFUSE FRIEDMAN
MEDICAL LICENSE
IN PENNSYLVANIA.

Philadelphia, March 21.—No temporary medical license will be granted by the Pennsylvania state board of medical examiners to Dr. Frederick Franz Friedman, of Berlin, who asserts that he has discovered a cure for tuberculosis. This statement was made yesterday by Dr. J. M. Baldr, president of the board. Dr. Friedman told four local physicians that he would not come to this city to perform experimental work unless he should receive a temporary license giving him permission to practice here.

MRS. EATON
CHEERFUL
IN PRISONWOMAN ACCUSED OF
POISONING REAR
ADMIRALSends Word to Daughter
and Mother That They
"Cheer Up."LATTER SUFFERING
AT SHOCK OF ARRESTSpends Greater Portion of
Forenoon Writing to
Her Friends.A Second Arrest, Involving
Purchase of Poison, is
Now Hinted At.

Plymouth, Mass., March 21.—The grand jury will convene in special session here at 10 o'clock Monday morning to consider the case of Mrs. Joseph G. Eaton, who was arrested yesterday charged with the murder by poisoning of her husband, Rear Admiral Eaton.

From her room in the county jail, Mrs. Eaton sent a cheerful message this morning to her daughter, Miss Dorothy Rinsworth. "I want to tell you all not to worry about me," she wrote. "Don't cry and take over it for it will come out all right in a few days. Look after mother and don't allow her to become excited, and be sure to take care of everything on the place."

Mrs. Eaton had learned that her mother, Mrs. George Harrison, who is ill at the Eaton home in Norwell was suffering intensely because of the shock of her daughter's arrest. The widow herself appeared optimistic today and accustomed herself to the routine of jail life without complaint. All that she asked was to be allowed to do work or have some other exercise.

"I have always been an active woman," she said, "and cannot stand inactivity."

In conversation with the matron, Mrs. Eaton said that she did not expect to be confined more than a few days. She spent the greater part of the forenoon writing letters to friends.

Second Arrest Rumored.
The hint from official sources last night that a second arrest might be made, involves the purchase of the arsenic in pure white powder form that was found in the digestive organs, it was learned today. Thus far the police have been unable to discover where the poison was obtained or who bought it.

Today State Detective Scott and Deputy Sheriff Condon went to the Eaton home in Norwell and remained some time with Mrs. Eaton's mother and her two daughters, Dorothy and Mrs. June Keyes. Mrs. Harrison and Dorothy made their home with the admiral. Mrs. Keyes has lived recently in Boston.

It is understood that the will of the admiral will not be offered for probate until the investigation of his death is cleared up. It is believed that he left little more than an insurance on his life of \$5,000.

AMBASSADOR
TO GERMANYPosition Offered Professor
Henry B. Burchard
Fine.FRIEND OF WILSON
WHEN AT PRINCETONAt Present Holds the High
Title of Dean of Diplomacy Science.

Washington, March 21.—Professor Henry B. Burchard Fine has had under consideration for more than a week an offer to be ambassador to Germany. Professor Fine, who is now abroad has been cabled by close friends of President Wilson urging that he accept the post. No word has been received from him today at the White House.

Professor Fine was graduated at Princeton in the class of 1882 and was dean of the faculty while Mr. Wilson was president of the university. It is said that Professor Fine is undecided whether or not to ac-

SIGNAL OF DISTRESS
SENT BY CAMERON ON
EVE OF EXAMINATION

cept the diplomatic position as he is being strongly urged for the presidency of Johns Hopkins university. Professor Fine is distinguished for his work in science and mathematics and at present holds the title of dean of the diplomatic science in Princeton university, and is on a leave of absence for one year. It is said that some prominent Princeton alumni brought Professor Fine's name forward recently for the Berlin embassy and the president promptly accepted the suggestion. Chairman William F. McCombs of the democratic national committee had an engagement with the president today to give his final answer to the offer to become ambassador to France. Some of the chairman's friends confessed they did not know what he would do.

VALUABLE HORSES
AND FARM PRODUCTS
CONSUMED BY FIRE.

Canal Winchester, O., March 21.—Six horses, estimated to be worth \$1,500, were cremated in a fire which destroyed two new barns, about 50 tons of hay, 300 bushels of oats and a like amount of corn, besides a quantity of farming utensils and equipment, on the farm of William M. Long, former infantry director of this county, about three miles south of here. The total loss is conservatively placed at \$5,000 and is, at least, partially insured.

HUMAN HAIR
IN 217 BAGSUpon Which Appraisers
Put Value of at Least
\$100,000.WELCOME NEWS FOR
MUSICA CREDITORSWho Are Said to Have Been
Swindled Out of a Mil-
lion Dollars.

New York, March 21.—Creditors of Antonio Musica and his son, Philip, hair importers, who are under arrest in New Orleans, charged with obtaining over a million dollars from 22 banks through fraudulent invoices, learned today that human hair valued at \$100,000 had been found in a secret sub-cellar of a stable owned by the Musicas in the Bay Ridge section of Brooklyn.

Deputy sheriffs made the discovery while conducting a search on a writ of attachment yesterday. They found 217 bags of fine quality hair stored in the cellar. An expert appraised it as worth as much as \$100,000. A search was also made of the Musica residence, and the house was found to have been shorn of many of its more valuable furnishings.

Who "Dipped Off" Cameron that the investigation was to be made has not been established. Testimony Friday morning by Attorney Randolph W. Wallon, who was taken Governor Nash's correspondence clerk, indicated that State Auditor Walter D. Gullbert and Secretary of State Lewis C. Laylin had been consulted in advance as to the examination. Attorney Booth, in a statement to Master Commissioner Okey, declared that their partial examination into the circumstances had convinced them that Mr. Laylin was in no way connected with the "loak."

Two days later Frank R. Shinn, who was appointed by the governor to make the examination, found that Cameron's accounts were all right. And Backhaus testified that on June 19, or shortly after the examination had finished counting the money in the state house vaults, at least \$100,000 of it was returned to the trust company.

In the meantime the transactions had been so written into the bank records, Backhaus testified, that it would require outside information of the need of money by the state treasury to show the true meaning of the transaction.

MEETING OF THE
RETAIL MERCHANTS

Called for Next Tuesday Evening to
Adopt By-Laws and Elect
Officers.

A meeting of the retail merchants of Lima has been called for next Tuesday evening at 7 o'clock in the rooms of the Lima Progressive association, old city building, to adopt a constitution and by-laws along the lines suggested at the recent meeting, addressed by Secretary Greer, of the Hamilton Board of Commerce.

At that meeting, a committee was appointed to draft a constitution and by-laws and nominate officers. The report of this committee will be submitted to the Association at the meeting Tuesday evening.

FISH FRY AT THE
CENTRAL STATION

Fire Chief Mack Host to City Firemen, City Officials and Newspaper Men.

Members of the central fire department, Safety Director Blank, newspaper men, and a few guests, enjoyed an old-fashioned fish fry at the central station last evening, given by the genial fire chief, John Mack.

The fish served last evening, Mackinac trout were sent to Fire Chief Mack by George Stevenson, who lives in northern Michigan. Stevenson is a cousin of Mrs. John Mack. Louis Koch, of the Stolzenbach bakery, prepared the fish, while the women themselves assisted in the serving.

Sparrows New in the Sudan.
English sparrows are said to have followed British trade routes into the heart of the Anglo-Egyptian Sudan, and are now found where they were unknown a few years ago.

McGinnis, Arrested at Columbus Yesterday, Fined
\$10 and Costs.

Coming home to find her room occupied by a strange couple last night, Mrs. Richard Holland notified the police, and had the pair placed under arrest. An affidavit was also filed against her husband, who, it is alleged, gave the couple permission to occupy the room.

Captain Grant, Sergeant McCoy and Plainclothesman Stewart answered the call, and placed all three under arrest. The couple registered as William Mellonbrook, 44, and Mary Ellen Lindsey, 35. The latter is a well known police character, and created quite a scene last night when she compelled the officers to carry her to the station, screaming at the top of her voice every step of the way.

The trio were arraigned on charges of drunkenness and disorderly conduct this morning, pleaded guilty, and were fined \$5 and costs each. Not one of them had any money, and they still languish in the city jail, where they will remain until friends come to their rescue.

Mrs. Holland rooms at the corner of High and Union streets.

Plumber Fined.
George McGinnis, 36, arrested at Columbus yesterday at the request of the Lima authorities, and brought back to this city late last night by Sergeant Waters, was arraigned before Mayor Shook this morning on a charge of assault, preferred by Walter Collins, boss plumber at the Lima state hospital.

McGinnis pleaded guilty, and was fined \$10 and costs by the mayor. According to Collins, McGinnis assaulted him after he had discharged him, and afterward made his escape before the authorities were notified.

A clue to his destination was obtained when the police found his kit of tools at the Ohio Electric station, addressed to McGinnis at Columbus. He paid his fine this morning, and secured possession of the chest.

One Drunk Fined.
Leonard Oldaker, the sole plain drunk arrested during the night, was fined \$1 and costs by Mayor Shook this morning.

NURSERY.
The time to plant trees is here. Planting early betters your success. You can get the best at Eph Roush Nurseries, 2 1/2 miles northeast of Lima. O. Bell Phone 262. New Phone 511-C.

PERSONAL.

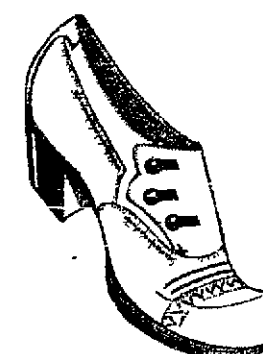

Mr. and Mrs. Sam Mouney and children, of Lima, are spending the day with Mrs. J. W. Mouney, Piqua leader.

Mr. Chauncey F. Lufkin is home from a visit with his daughter, Mrs. William Kaula, in Boston.

Mr. and Mrs. T. N. Cunningham and Mr. and Mrs. E. W. Hiner returned home this morning from a two months' trip, during which time they visited Panama and California.

SPRING SHOWING

DEATH HAND
FALLS AGAIN

Mrs. P. J. Lawrence Passed
to Rest at Noon
Thursday.

DECEASED ILL FOR
MORE THAN YEAR

Body to be Taken to Harrod
and Interment to be
Made There.

Mary M. Lawrence, wife of P. J. Lawrence, of 438 north Washington street, passed away Wednesday after an illness of one year. The news of her death will come as a great sorrow to her many friends about this city, where she has made her home for by far the greater part of her life.

The deceased was a daughter of Mr. and Mrs. William Davis, and was born in Pennsylvania on the seventeenth day of December, 1857. She was 55 years of age at the time of her death.

Surviving to mourn her death are her husband P. J. Lawrence, two daughters, Mrs. Rose Foulks and Mrs. A. L. Wolfe, of this city, and David A. Davis and E. A. Wilkins.

HORSE SCARED
AT PASSING AUTO

And Two Women Painfully Injured
on East High Street Road Yesterday Afternoon.

Mrs. Jacob Dick, of east high street, was the victim of an unfortunate accident on the east high street road yesterday afternoon, when a horse, which she was driving, started at a passing automobile and ran away. Mrs. Dick held on to the reins of the frightened animal until oil men near by stopped the horse, but she suffered painful injuries about the head and shoulders. Mrs. Frank Bushey, who was riding with her, was also painfully injured when the buggy overturned.

The accident happened near the brick-clad school house, in the vicinity of the Lost Creek reservoir east of Lima. The motorist returned to assist the women, and offered to make good the damage wrought.

THE IDLER.

Not yet, but soon will Senator Dan F. Mooney, of Anguila county, said to be the heaviest Ohio legislator, tip the scales at 300 pounds, if Columbus virtuals continue to agree with him as they have done thus far during this session of the general assembly. It cost him a cent at an automatic scale in a downtown dining room last night to ascertain that he weighed exactly 298 pounds.

He does not remember precisely what his weight was when the legislature convened last January, but he admits it has made a considerable advance since then.—State Journal.

David Spangler is quite ill at the home of his daughter Mrs. J. S. Shaffer, of south Jackson street.

Mrs. Bovey, wife of Rev. J. B. Bovey of the First United Brethren church is confined to bed, suffering from illness.

Pugilist's Skull Fractured.

Pittsburg, March 21.—Tommy Lavalle, a local light-weight boxer, died at Mercy hospital here this morning as the result of a blow he received in a boxing bout before the Traffic club last night. His skull was fractured.

George Adamson, who was Lavalle's opponent in the boxing bout and Professor A. C. Evans, who is alleged to have arranged the match, were arrested this afternoon and held to await the action of the coroner.

VERY, VERY SOOTHING

Wheeling, W. Va. March 21.—Wracked with insomnia, John Babbitt, prominent in business and political circles, resorted to a soothing syrup as an opiate and went to sleep from which he will never awake. He died of an overdose, according to the coroner.

OHIO CAN SPARE HIM.

Columbus, O., March 21.—Governor Cox today issued a requisition on Governor Sulzer, of New York, for the return of Charles Diesel, who is wanted in Canton on a charge of embezzlement. It is alleged that Diesel appropriated for his own use \$200 which belonged to the proprietor of a hotel where he was employed. He is under arrest in Brooklyn, N. Y.

MAYBE MAYORALTY
OF CITY OF LIMA
WOULD SUIT HIM

Washington, March 21.—Former Senator Obediah Gardner of Maine, having refused the offer of commissioner of pensions, it was learned today, friends of Dr. D. C. Gentsch, of New Philadelphia, Ohio, have renewed their efforts on his behalf for the place. There are a number of other aspirants for the place, however, and Secretary Lane is understood to be canvassing the field carefully.

Mr. Gardner is credited with refusing the offer because he and his friends did not believe the place was big enough and his friends ventured the opinion that he deserved something better. Mr.

THE WEATHER.

Columbus, O., March 21.—Fore-
cast: Rain turning to snow. Satur-
day generally fair except snow near
the lake. Colder in eastern portion.
West gale.

The assassin of King George, of
France declared that the reason he
killed the king was because he hated
all forms of government. The decla-
ration proves him to be a member
of that class of undesirables who
are known in this country as an-
archists—a class which should have
no place upon American ground.
Their very presence is a menace to
those placed in authority by the
people who realize that no govern-
ment would mean chaos where in-
dividual or property rights would be
an unknown quantity.

Congressman Hobson in a recent
speech deprecated the fact that the
United States has not a navy su-
perior to any other country and
expresses a belief that with her ex-
tended coast line we could not repel
invaders. He wants more war ves-
sels built. At the same time the
new secretary of war deprecates the
small number of men in the national
standing army, and advocates a re-
vision of our method of creating
and maintaining a military force.
And yet we are supposed to be a
nation that deprecates war, and
would settle international differ-
ences by arbitration rather than by
force of arms.

Within a short time expensive re-
ceiverships of several default Ohio
banks will be wound up and the af-
fairs of the institutions will be con-
ducted more economically by an at-
tache of the state department of
banks and banking in Columbus,
according to Emory Lattanner, the
new deputy superintendent of banks
and banking, appointed recently by
Governor Cox.

There are seven receivers, one
for each bank, and nearly as many
attorneys, all drawing salaries and
fees. In addition all are allowed
expense money. Considerable is ex-
pended for rentals. By discharging
the receivers, thereby eliminating
their salaries as well as attorneys
fees, and taking all the books to
the state department at Columbus
to liquidate the affairs of the banks,
Mr. Lattanner will save the de-
positors considerable.

To give the depositors of the de-
fault Columbus Saving and Bank
Company, every protection possible
under the law, Mr. Lattanner, an ex-
pert accountant, will detail a corps
of men to investigate conditions.
After the report is filed, steps will
be taken to punish such bank of-
ficials as are found criminally liable,
and suits will be instituted, where-
ever possible, to collect from the
directors of the bank money they
unlawfully looted.

HENRY CLEWS ON BUSINESS.

"The business situation at home
continues satisfactory. There has
been no abatement in the activity of

the last few months. The open win-
ter has encouraged outdoor work to
an unusual degree. The crop out-
look thus far is entirely satisfactory.
Many industrial establishments are
running full time. Our railroads
are over-pressed with traffic, and re-
porting encouraging gains in earn-
ings. Clearing House returns have
for weeks past shown liberal in-
creases over last year. Less is now
heard about tariff discussion for the
reason that many lines of business
have already amply discounted prob-
able changes. The extra session of
congress will soon be called and the
subject will come up for acute dis-
cussion, which may induce more or
less hesitancy until this important
problem is adjusted.

"The new administration has thus
far caused no jolts. On the con-
trary its policy appears to have been
to avoid disturbance. If all accounts
are true the new attorney general
is likely to follow somewhat on the
policy of his predecessor, but the
reports of a more radical policy to-
ward Standard Oil, American To-
bacco and the Union Pacific merger
have thus far proved unfounded. In
general there is a conservative
policy, and transactions are largely
of a hand-to-mouth character. No
signs of over-trading exist anywhere
and our markets are generally carry-
ing light or moderate supplies of
merchandise. Consumption is so
well maintained that there is an
abundant opportunity for energetic
activity as soon as existing restraint
from uncertainty disappears.

EX-BOSS COX INDICTED.

George B. Cox, the former repub-
lican boss of Cincinnati, O., and
elsewhere, is indicted with ten oth-
ers for violation of banking laws.
We can't expect but that a pernicious
boss of pernicious politics will
try to be a pernicious boss of per-
nicious finance.—Muncie Star.

DIGNITY OF COURT AND LAW.

It is quite the style to blame the
United States supreme court for
everything. Whenever the court
holds a law unconstitutional there
is a big outcry against the court,
but seldom one against the constitu-
tion, the idea being, apparently,
that the court should forget that
there is a constitution whenever, by
so doing, a just thing may be done.
But if any court were to begin a
course of steering without regard
to laws and constitutions, that
court's decisions would be far more
tyrannical than is now possible, be-
cause such decisions would be es-
sentially obiter dicta. Many things
ought to be changed in this coun-
try, but whatever change comes or
does not come, there must be some
standard of government that will
give some orderliness of procedure
to official thinking.

And, despite the fact that courts
are often out of step with the
spirit of the times, and despite un-
just decisions, and even in spite of
dishonest opinions, right should not
be lost of the fact that these things
are not typical of courts. If there
were anarchy would have swept the
government out of existence long
ago. Any impartial student of his-
tory knows that it is not going be-

yond the fact to say that if all the
judicial opinions of the last two
hundred years in England and
America were taken together as one
vast document, they would form, as
a whole, the noblest utterance of
the rights of man and the most
eloquent and fundamental defense
of the principles of popular govern-
ment in existence.—St. Paul Dis-
patch.

PUBLIC FORUM.

It is an old saying that all great
things originate from a very small
beginning. Lima started small and
has attained her present status with-
out any prearranged plan, like Topsy,
she just grew. In every line of
industry we see the adoption of
scientific principles and methods
from the man who has bricks into
a wall, a sawed log to do his work
or a to reduce every unnecessary
expense to a minimum. This is
an act of conservation and develop-
ment along constructive lines.

They say city planning is munici-
pal conservation. That having a de-
finitive plan of a city's growth tends
to greater efficiency in all lines of busi-
ness, making possible handling the
supplies of Mr. Lullatate Consumer
more economically and with greater
dispatch in the general transaction of
all business. The proposition of
working out a plan for the future
growth of a city, is an undertaking
of broad dimensions and should be
treated as we treat other matters
of which we know little. For in-
stance, if we let some one call in the
doctor and maybe the minister, if we
want advice on farming we call on
the experts at the experiment sta-
tions for it, so why not, if we want
to see our city developed so that all
its natural advantages peculiar to
Lima may best be taken advantage
of, call an expert to go over the con-
ditions and point out how our city
may become a well kept household
developing evenly along all lines so
that we will not have to stop some-
time to allow the cart to catch up
with the horse.

It is important that we develop
along social lines as well as finan-
cially and industrially, for no city
can rise higher than the rank and
file of its citizenship. Our city ideals
and the environment surrounding
our boys and girls play are the fac-
tors that go to make a noble city
or a mediocre town.

We must first take an inventory
of our city, covering over nothing.
If we fall short in any way we should
frankly admit it, and let us bear in
mind that the most attractive city
attracts the best type of citizens, and
as a general rule it costs less to do
things right than to do them wrong.
This applies especially to haphazard
methods in a city's development. To
find a remedy we must first ascertain
the cause. A practical man who has
made a study of city development
would be called in to go over the
situation here and make a report
recommending the improvements
that are necessary and can be car-
ried out on a practical basis. Then
an undivided citizenship must work
together to obtain the things that
are best for all the people.

Great benefits do not come rolling
up hill of their own accord, we must
all get in the game and work for
the things that will make Lima a city
among cities.

Will we do it?
WALDO BERRYMAN.

Admiral Cameron McRae Winslow,
in command of one of the divisions
of the Atlantic fleet, enjoys the dis-
tinction of being probably the first
admiral in the American navy to de-
sert the deep and take to the air.
On March 12 he made a 14-minute
flight with Lieutenant Towers in one
of the navy's flying boats off Guan-
tanamo.

HOW LIVINGSTONE FOUND CONTINENT

Great Drama of Africa Is
Recalled.

CENTENARY IS CELEBRATED

Memorial Events in All Countries Re-
vive Stories of Explorer's Splendid
Work in Putting Life into Darkest
Regions of Barbarous Territory—How
Americans Share in Achievement.

All over the civilized world, with
Great Britain and the United States
playing a leading role, the week in
which March 19 occurred, was a period
of general celebration in honor of the
one hundredth anniversary of the birth
of Dr. David Livingstone, the famous
English explorer.

The London Missionary society,
which sent Livingstone on his historic

DR. DAVID LIVINGSTONE.

Journey into the heart of darkest Africa,
has taken steps to raise \$50,000 for
the erection of a fitting memorial to
the heroic explorer. Though the actual
centenary fell on March 19, the entire
week was virtually given over to a
series of celebrations and sermons in
the explorer's honor. The anniversary
recalls a great African drama.

Americans claim a larger share in
Livingstone's life than any Europeans,
except Englishmen. After Britain had
sought in vain to find him buried deep
in the wilds of central Africa it was
Vankee persistence and energy that
penetrated the dense jungle and made
possible that dramatic scene at Ujiji
on Oct. 28, 1871, when Stanley, backed
up by the stars and stripes, greeted the
weary, heroic old missionary in the
brief but impressive phrase, "Dr. Liv-
ingstone, I presume."

David Livingstone's sixty years of
existence have a significance in the
narrative of civilization which no
amount of overestimate. He virtually
put a continent on the map. He
blazed the trail for the largest single
movement to carry light into dark
places that the world has ever seen,
and he obliterated the transatlantic
slave trade not by his own effort, con-
centrated as that was, but by the stim-
ulating power of his own personality.

Had Big Personality.
Dr. Livingstone's personality and
through it his work had the gift of
capturing the public imagination. Cer-
tainly it was not in the regions he ex-
plored that the general interest lodged,
for until he was sent there by the
London Missionary society in 1840 the
world was content to know merely
the rough size and shape of Africa,
with never a flicker of concern over its
gigantic interior. A map made two
years after Livingstone was born tells
naively that the Nile ended in the

women suffer greatly at times
is because of a run-down con-
dition. Debility, poor circula-
tion show in headaches, an-
guor, nervousness and worry.

BEECHAM'S PILLS

(The Largest Sale of Any Medicine in the World)

are the safest, surest, most
convenient and most economi-
cal remedy. They clear the
system of poisons, purify the
blood, relieve suffering and
ensure such good health and
strength that all the bodily
organs work naturally and prop-
erly. In actions, feelings and
looks, thousands of women have
proved that Beecham's Pills

Make All The Difference

Sold everywhere. In boxes, 10c, 25c.
Women will find the directions with every box
very valuable.

Mountains of the Moon, that the Kon-
go was unknown except for a short
distance from its mouth and that the
Niger, indicated by a short interior
section, was unexplored either at the
mouth or source. Between the time of
that map and the year when Living-
stone was sent to Africa some yeoman
service had been done about the edges
of the continent, but the whole equa-
torial regions were undiscovered.

Came of Sturdy Stock.

David Livingstone came of a sturdy,
vigorous Scotch stock. Two of his un-
cles fought under Wellington in the
peninsular war against the French in
Spain. The family was characterized
by the hearty, combative vigor of the
Scotch highlander and covenantor. Born
on March 18, 1813, the second son in
that humble home, David was nurtured
in the strict and narrow but lofty
ethical influence of the Bible and "Pil-
grim's Progress." The days of his
boyhood were great ones for missions.
All the land was full of the impulse
of Christianity's response to the call
of its head, "Go ye into all the world
and preach the gospel to every crea-
ture." Young David had a good sci-
entific education. At Glasgow in 1837
he offered himself to the London Mis-
sionary society for foreign service. In
November, 1840, he was ordained in
London and the next month sailed for
Africa. He died in the jungle on May
1, 1873.

HOW TRAITORS SOLD RUSSIA.

Report of How Army Officers Sold
Plans to Japan is Out.

An amazing story is related in a Ge-
neva dispatch to the Excelsior, a
French paper, concerning the Russian
Baron Ygor Tillynsky, who was recent-
ly at Zurich. The baron declares that
he holds a claim on the Japanese gov-
ernment for \$70,000,000. According to
his story, three Russian staff officers
of revolutionary tendencies sold the
plans of the Pacific fortresses, includ-
ing Port Arthur, to the Japanese gov-
ernment at the outbreak of the Russo-
Japanese war.

They received in payment three
checks amounting to little more than
\$23,000,000, each payable at Tokyo on
March 22, 1915. The officers further
contracted to remain in the service of
Japan until the checks were paid.

SENTINEL SHIP IN MID-OCEAN.

Scotia Will Warn Liners of Presence
of Icebergs.

A watchful sentry will henceforth
be on duty in the Atlantic ocean to
warn vessels of the approach of ice
and to assist in averting disasters.
The whaling ship Scotia left Dundee,
Scotland, recently, having on board a
number of scientists, who, by means
of a powerful wireless apparatus, will
notify all ships crossing in either di-
rection of the presence and progress
of flocks and icebergs.

The Scotia was formerly employed
in the Scottish antarctic expedition.
It has been sent out by the British
board of trade in accordance with an
arrangement with the north Atlantic
steamship lines. She will report fre-
quently to wireless stations in New-
foundland and Labrador.

MIRRORS AS A LIQUOR CURE.

Pennsylvania Town Uses Odd Expedi-
ent Against Drunkenness.

French mirrors, the beveled, expen-
sive kind, are to be used to rid Swiss
vale, Pa., of drunkenness.
That suburb is "dry," so are many of
its residents, according to Burgess-
Henry Milligan. Most of them leave
Pittsburgh on the midnight train.

The burgess is going to erect a big
panel mirror at the exit from the depot
platform. Every man under the influ-
ence who passes must see himself. An
other mirror will be placed in the bor-
ough lockup. Milligan had one of the
town boys before him recently. After
rousing him out of a cell Milligan had
him look at himself in a mirror. "Never
again!" swore the delinquent.

State Has Rat Killing Day.

Indiana has been provided with an
annual rat killing day, to be proclaimed
by the governor, with a state song,
"On the Banks of the Wabash," and
with a state flower, the carnation.
This was all part of the record of the
Sixty eighth Indiana general assembly.

Foley Kidney Pills will reach your
individual case if you have any
form of kidney or bladder trouble,
any backache, rheumatism, uric acid
poisoning or irregular and painful
urinary action. They are strength-
ening, tonic and curative, and con-
tain no habit forming drugs.

SERUM AND NEEDLES.

Washington, March 21.—With two
new cases of smallpox reported in
the past few hours, physicians today
renewed their activity with serum
and needles. While the health de-

partment of the district expects not
to be alarmed over the situation,
nevertheless the most careful pre-
cautions are being taken and
vaccination of government employ-
ees and others is proceeding.

"The Witching Food" Pellets Puffed From Corn

We have perfected a food which men said was impos-
sible. It took us ten years to do it.

It's the acme of cereal creations.

The ground heart of the corn is made into pellets. Then
puffed into tiny bubbles—

Crisp, toasted, chocolate-colored
drops.

A most insidious, almond-flavored
food.

We named it Corn Puffs. But
users have called it "The Witching
Food," and that name will stay by it
forever.

WIND STORM DOES DAMAGE

Property Loss in Lima Will
Total Hundreds of
Dollars.

CHURCH STEEPLE IS
TOTTERING IN WIND.

Electric Signs, Bill Boards
and Even Roofs of Build-
ings Blown Away.

Lima awoke this morning to find
itself in the throes of a gigantic
wind storm that is sweeping the
country from coast to coast, and
doing damage to the amount of
several hundred dollars resulted.
Chief Mack and the members of the
fire department were kept busy this
morning answering calls for assist-
ance, and the telephone has been
kept busy at police headquarters
with reports of havoc that the storm
had wrought in different parts of the
city.

Street signs, many of them of
such value, and bulletin and bill
boards were leveled to the ground
by the terrific wind, while even
roofs of buildings were torn from
their fastenings and blown to the
ground. Merchants hastened to
securely fasten the signs which
extended from their places of busi-
ness to prevent further havoc from
the wind, which has continued un-
hindered throughout the day.

At the instance of Fire Chief
Mack the sidewalk in front of the
Methodist church, colored, at
118 west Sprung street, has been
sped in the condition of the
people being such as to cause fear
that it will totter over at any mo-
ment. The steeple has been swaying
and fro in the wind all day, and
it has been momentarily ex-
pected. When the storm has sub-
sided, members of the central fire
department will be detailed to tear
down as the safety of pedestrians
imperiled in its present condition.

The immense electric sign in
out of the Eilerman store at the
northwest corner of the public
square and Market street, crashed
to the ground about 5 o'clock this
morning and was broken into a
hundred pieces on the sidewalk be-
neath. A similar fate befell the elec-
tric sign in front of the Thomas
Cafe at the northeast corner
of the square. Much apprehension
was felt that the signs in front of
the Orpheum and Lyric theatres
would succumb to the wind, but this
fear was averted when the signs
were re-inforced.

Shortly after 8 o'clock this morn-
ing, the tin roof on the Brotherton
building on north Main street was
blown entirely off. The damage was
immediately repaired by workmen
at the assistance of the members
of the central fire department.

About the same time part of the
roof on the K. K. Jacobs building at
6 south Main street, was torn

from its fastenings and deposited on
an adjoining roof. Chief Mack and
his men responded to the call, and

with the assistance of a team of
horses, succeeded in removing the
roof from its position, which en-

dangered the safety of passersby.
All over the city bill boards were
leveled to the ground, and at last
reports were made to police and fire
headquarters men were despatched
to place heavy stones and weights
on them to prevent further damage
to adjoining property. Minor dam-
age was done to property in all parts
of the city by the storm, which was
one of the worst that Lima has ex-
perienced in years.

The telegraph and telephone com-
panies probably suffered the great-
est damage, as reports of wires be-
ing down were continually being re-
ceived at police headquarters. Re-
ports from all over the county in-
dicate that the company's lines have
been seriously impaired, and it will
be several days before the damage is
entirely repaired.

Many sufferers from rheumatism
have been surprised and delighted
with the prompt relief afforded by
applying Chamberlain's Liniment.
Not one case of rheumatism in ten
requires any internal treatment
whatever. This liniment is for sale
by all dealers.

GRAIN MEETING AT LIMA HOUSE

Dealers, From Allen, Auglaize, and
Putnam Counties Are in
Attendance.

Grain dealers from Allen, Auglaize
and Putnam counties are meet-
ing in business session in the parlors
of the Lima House this after-
noon. Topic of interest to grain
producers and dealers are being in-
formally discussed. No set papers
or addresses were arranged for, but
an open discussion of each subject
encouraged.

T. P. Riddle, secretary of the Tri-
State Grain Dealers' association, is
presiding, and is leading the discus-
sion on the following topics: "Buy-
ing Grain Upon Grade," "Why
Every Elevator Operator Should
Maintain a Moisture Tester," "What
Constitutes a Proper Working Mar-
ket," "Our Trade Rules and the
Importance of Uniform Practices,"
"Why We Should Support the Boys'
Corn Growing Contest," "Grain
Trade Legislation," and "The Ele-
vator Operator, What Kind of Man
He Should Be."

MANY A SUFFERING WOMAN
Drags herself painfully through
her daily task suffering from back-
ache, nervousness, and loss of sleep,
not knowing her ills are due to kid-
ney and bladder troubles. Foley
Kidney Pills give quick relief from
pain and misery, a prompt return to
health and strength. No woman who
suffers can afford to overlook Foley
Kidney Pills.

J. RICHARD DAVIS, ASPIRING NEGRO, HAS STRONG PULL

Washington, March 21--When
Secretary Daniels, of the navy de-
partment, returned today from a
visit to his home in Raleigh, N. C.,
he will pass along to the state de-
partment the application of a col-
ored man who has shined his shoes
and otherwise made him present-
able, for a position in the diplomatic
service.

When the secretary first came to
Washington he was the guest of an
old friend, Dr. Sterling Ruffin. The
physician's valet, J. Richard Davis,
took especial care of the cabinet
officer and when the secretary left
for Raleigh Davis dispatched a letter
to him telling of his aspirations for
the position of secretary of the
American legation in Liberia.

GROGER DUPED BY IMPOSTER

**Z. A. Crosson Mourning the
Loss of Clover Seed
Valued at \$18.**

**POLICE LOOKING
FOR SWINDLER**

**Who Represented Himself
as Agent for Douglas
Grain Company.**

Z. A. Crosson, the well known east market street grocer, was the victim of a peculiar swindle on Monday of this week, when a smooth individual representing himself as agent of the Douglas Grain and Hay company of this city, succeeded in securing

one and one-half bushels of Mammoth clover seed, valued at \$18.75. Later investigation proved the man an imposter, and Crosson is out the amount of the value of the seed.

Smooth methods were employed by the alleged agent to accomplish his purpose, and it was not until yesterday afternoon that the fraud was discovered. The Lima police department has been enlisted in the search for the swindler but owing to the meagre description of the man, his apprehension is not likely.

Crosson purchased a quantity of clover seed from a farmer about a week ago, who took it to the Douglas Grain and Hay company to have it cleaned. The next day, a man, purporting to represent the company, called Crosson over the phone to ask him if the company could borrow a bushel of the seed to sell a customer. Crosson readily assented, and the following morning, a young man called at the store and secured a bushel and one-half of the grain, telling Crosson to mail the bill to the Douglas company.

The first intimation that Crosson had that the man was an imposter was when one of the men called him and told him that no one had been authorized to buy the seed for the company. Crosson knew at once that he had been duped, and at once notified the police who are working on the case.

It developed afterward that a young man, answering the name of Smith, one of the men who secured the seed at the Crosson store, called on the Douglas company last Monday and endeavored to buy a bushel and one-half of the seed for the Jones Hardware company. Inquiry at the Jones store brought out the statement from one of the members of the firm that no one had been sent from the store to buy clover seed. The police are of the opinion that the same young man visited both places.

APPELLATE COURT WILL MAKE LIMA ITS HOME

**DECISION LAST NIGHT
FAVORS THIS
CITY.**

**Re-arrangement of Offices
Will Give Quarters
for Present.**

**LIMA THE CAPITAL
OF THIRD DISTRICT**

**All but Fifteen Weeks of the
Year Will See This
Court Here**

**Lima Will Receive Lasting
Benefits From This
Judiciary.**

Lima has been chosen as the capital of the third appellate court district of the state of Ohio by the decision of the judges of this court that was handed down last evening. Lima will be the permanent location of this court, and the established head of this part of the state in judicial matters. It is this selection that the people of Lima have been so earnestly seeking for the past six months, and for which the original proposition to remodel the court house was made. It was the original understanding that Lima would not be selected unless particular attention was paid to providing accommodations for the holding of this court.

The decision of last evening means that for a large part of the year all of the cases in this court will come to Lima, and that a great deal of the legal business will be centered here. According to the arrangements that were provided in the amendment that was made to the state constitution by the popular vote last September, it is required that at least one session of the court be held in each county in the district during the year. These specifications will naturally be complied with, and as there are sixteen counties in this, the third district, the court will sit out of Lima for fifteen weeks out of the year. The remainder of the time Lima will be the scene of its activities.

The selection of Lima as the capital comes only after a long campaign, during which there have been several occasions when all hope was abandoned, and it was given up as a lost cause. When it was decided that the people did not want to spend the estimated amount of money required to remodel the old court house, and were adverse to moving and rebuilding, it was feared that the court would select a new place. There had before this been but a word spoken in favor of Lima, to-wit that the transportation facilities of this city made it seem the most favorable to the judges. However, when it did not seem that facilities for holding court were to be provided, and as Judge Kinder, one of the presiding judges makes his home in Findlay, it was feared that Findlay would be chosen.

The arrival of the judges in Lima on Tuesday for the annual session of the court again precipitated the discussion of the location of the court. Soon after their arrival the judges announced that the matter would have to be settled at once. A meeting was called for yesterday afternoon. At this time there was no understanding arrived at. It was thought by some of the judges that the proposed one hundred thousand dollar improvement of the present building be carried into effect, and that the citizens be asked to make the bond issue. This was opposed by Commissioners Fry and Fisher, on the ground that the extent of the proposed improvement, if it was to be at all broad, would not permit it being done with that amount of money. This was the same stand they had taken in the open meetings.

The plans that were adopted by the meeting of the commissioners and the judges last evening embody a shapely re-arrangement and slight improvement that all may be for the best accommodation of all concerned. It is the plan to expend a few thousand dollars making these necessary changes, and then let matters stand. The plans incorporate the giving over of the rooms on the second floor of the court house, in the southwest corner, and adjacent, that have heretofore been occupied by the judge of the common pleas court, for the use of the appellate court judges as offices and consultation rooms. The upper court room will be entirely redecorated and will become the official court chamber of the court. A new bench will be provided and other new furnishings purchased and installed. There will be a stairway built from the consultation rooms to the south from this court room so that the judges will have a direct and private passageway from their offices to their court room. The arrangement of the court rooms will be reversed, so that the bench will be in the end of the room nearer the consultation room.

The room that for the past some time has been occupied by the infirmary board, on the second floor and just north of the law library, will be taken by Judge Klinger as his private office in the place of the one vacated by him on the west side of the building. A door will be cut from this room into the next one south, which room is a part of the law library. The location of the library and court stenographer directly across the hall from the appellate court will be also a great convenience to them.

The room that for some years has been the headquarters of the election board, and located on the second floor of the building, and the middle office on the east side north of the center bay-window, will be arranged into a consultation room for foreign counsel. This room is located between the upper probate room and the office of the board of review. It will be refurnished in such a manner as to make it suitable for the use of visiting attorneys, and attractive to them. It will be so equipped that all things necessary may be provided for their use. Another location will be found for the office of the election board, as it is necessary that the county provide for them.

The final settlement of this proposition, and the successful termination of the matter by the landing of this court in Lima will be welcomed by all those who fully realize the import of the affair. This makes Lima the head of the district, and during the residence of the court here will bring a great deal of business here.

One of the first signs of its benefit to the city is the report that Judge Crowe will move here with his family. What the other two judges contemplate has not been announced. They are Judge Michael Donnelly, of Napoleon, and Judge Walter H. Kinder, of Findlay. Judge Phil. M. Crowe is now making his home in Kenton.

Ohio Electric Sues. Charging that the work is not being done as it should, the Ohio Electric Railway Company, a corporation, has entered the local courts and asks that Edward Hawisher and John Jackson be enjoined from continuing to lay a sewer from the west side of Main street to the property that is owned by Hawisher on the east side of the street. The petition states that the plaintiff company has tracks on south Main street by lease right, and that cars pass over these tracks on the average of one every six minutes. That the defendant company is so doing the work that the result will be injurious to the tracks of the company, and will interfere with their carrying of passengers. That the filling of the sewer will sink, and that the tracks will thus be injured. The petition further states that the work which is being done is not being done properly, as it could be done without injury but is not. The petition is signed by H. G. Gilpin, as local representative for the company. It asks for an injunction against Mr. Hawisher and Mr. Jackson, who is doing the work for the latter.

Three petitions in error were filed with the clerk of the common pleas court, asserting that there was error in the decisions that were handed down when the cases came for hearing in the court of the mayor of the city of Lima. All three petitions concern the conviction and sentence in the lower court of each of the three plaintiffs in error for the sale of intoxicating liquors on the seventeenth of November, 1912, which day was Sunday. The first petition in error is from Jemore Shine, the second from Louis Geiger and the third from E. V. Lory. All were fined one hundred dollars and costs by the mayor. The first and second judgments were given on the twenty-fifth day of November, and the last on the twenty-ninth day of November. John Klatte, representing each of these men individually, filed each one of these petitions in error.

Sadie Boogher has filed a petition for divorce from her husband, Frank Boogher. The petition states that the couple were married in Springfield on the thirteenth of March, 1906, and that two children, aged four and three years, respectively, were born to the union. It further alleges that the defendant has been guilty of gross neglect of duty and extreme cruelty. The petition prays for absolute divorce, and was presented by J. F. Evans as the attorney for the plaintiff.

Michael Nash, adjudged insane in the probate court, has been taken to the state hospital at Toledo.

A marriage license was issued Wednesday to Albert B. Badertscher, 21, merchant, Bluffton, and Edna E. Basinger, 20, domestic, Allen county. Rev. Schumaker.

Long Gets New Trial. Judge Klinger has granted a new trial to John H. Long, who recovered a verdict of \$2,000 against the Ohio Electric Railway company for injuries to his back which resulted in Mr. Long being laid up in bed for over six months. He was a passenger on the Ohio Electric car and slipped off the rear platform, injuring his back.

The matter of the hearing of the application in the case of the Ohio Electric company against Edward Hawisher and John Jackson, which was set for this morning in the common pleas court and before Judge Klinger, was called, but was soon closed. The attorneys for the two sides retired from the court room to make out an amicable settlement.

A motion for a new trial in the case of O. H. O'Dell, administrator, against the Standard Accident Insurance company, of Detroit, Mich., was made this afternoon before Judge Klinger, and was by him overruled. When the case was tried in the common pleas court a verdict was given to the plaintiff in an amount of \$399.41. Since the overruling of the motion for a new trial that was made today, the case will likely be taken to the appellate court.

A marriage license was today issued to Arthur L. Orchard, 31, tinner, of Lima, and Emma H. Shaner, 19, clearmaker, Lima. Rev. Lily to officiate.

A petition for an injunction was today filed in the court of the common pleas by Charles Hemmenway, asking that the judgment that was had against him in the court of Justice of the Peace Ludwig, of Marion township, by Nathaniel May be restrained from execution. The petition sets forth that the plaintiff was the lessee of a farm from the defendant. That one verbal contract extended from Nov. 1911 to Nov. 1912, and a second (11) November, 1912. That despite this contract the defendant went into the Marion township court, and declaring that the present plaintiff was forcibly detaining the farm and property, got judgment against him. The case of the plaintiff is presented by Hughes and Triplehorn.

NURSERY.

The time to plant trees is here. Planting early betters your success. You can get the best at Epp. Roush Nurseries, 2 1/2 miles northeast of Lima, O. Bell Phone 262; New Phone 511-C.

CANNON TO BE NO AUTHOR.

Ex-Speaker Declines to Write—Says Too Many Books.

There will be no volume of reminiscences written by Joseph G. Cannon, ex-speaker of the house of representatives, who has been a private citizen since March 4.

Champ Clark suggested in Mr. Cannon's presence during a speech at the Cannon testimonial dinner last February that the latter should write such a book.

"Oh," said Mr. Cannon when asked whether he intended to write such a book, "I shall write no reminiscences. Thousands of books are being written now. I'll leave that to others. A man is in the public mind for a time; then he is gone. Not one book in ten is remembered. Not one in a thousand survives. It is almost a crime to cut down the forests to print so many of them."

"I will be seventy-seven next May. No; thank you. I cannot undertake it."

Talents and Virtues.

It is with talents as with virtues: One must love them for their own sake or renounce them entirely. And neither of them is acknowledged nor rewarded, except when their possessor can practice them unseen.—Goethe.

The Neighbor Within.

Why should we ever go abroad, even across the way, to ask a neighbor's advice? There is a nearer neighbor within, who is incessantly telling us how we should behave. But we wait for the neighbor without to tell us of some false, easier way.—Thoreau.

Freckles

February and March Worst Months for This Trouble—How to Remove Easily.

There's a reason why nearly everybody gets freckles in February and March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of othine, double strength, from the Melville Drug Co., and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.

Boston Store Presents An Elaborate Easter Sale

BOSTON STORE

King of Beasts Easily Scared. A curious story comes from Kamacha, South Africa. Some English ladies were picnicking in a glade near Hell's Gate, Kamacha, recently, when they were suddenly confronted by a lion. He was scared, presumably at the volume of steam from a teakettle, for he only roared and made off.

As a Man Thinks. The man who doesn't think right isn't likely to live right.

Brain and Vanity. Women of strong brain are never vain, if my experience be a true teacher.—London Truth.

TOO LATE TO CLASSIFY.

WANTED—Reliable man for soliciting and collecting in Lima, Ohio. Good chance for advancement. Salary and commission. Call Saturday morning at 304 Buckeye building.

LITTLE MONTENEGRO WILL NOT BE BLUFFED BY BULLYING AUSTRIA

London, March 21.—King Nicholas, of Montenegro, today replied to the peremptory demands made by Austria yesterday in connection with the Montenegrin bombardment of Scutari. Although his note is conciliatory in tone the king refuses most of Austria's demands. He says he has ordered that the bombardment be directed against the forts and that the rest of the city shall not be shelled.

to the unsatisfactory nature of the reply to the Austrian demonstrations regarding Scutari. The Montenegrin reply is considered here as creating a serious situation. A lively exchange of views is proceeding between the Austro-Hungarian and the Italian foreign offices in regard to possible joint action by the two powers. Austria will insist on enforcing the decision of the European powers that Scutari shall remain an integral part of the future autonomous state of Albania.

Austria Prepares Ultimatum.

Vienna, Austria, March 21.—The Austro-Hungarian government is preparing an ultimatum to Montenegro, according to an unofficial statement today. The ultimatum was decided upon, it is said, owing

MORRIS BROS.

217-219 N. Main Street.
Morris Block, Lima, Ohio.

DESTRUCTIVE STORM SWEEPS MIDDLE WEST

(Continued From Page One)

communication was lost with this point and has not yet been regained this morning. Up to that time no loss of life was reported. At Fulton, Ky., considerable damage was done property.

In Mississippi the storm was severe from Grenada to Water Valley. At Senatobia the wind was unusually high and houses are said to have been tossed about as if playthings. No loss of life occurred there.

Locally only minor damage was done. Signs were blown down, houses unroofed and windows blown out in the higher buildings. A heavy downpour of rain with continuous flashes of lightning and rolls of thunder accompanied the blow.

Score or More Injured.

Indianapolis, Ind., March 21.—A score or more persons were injured and damage, estimated at thousands of dollars, was done today by the most severe wind storm which has visited the state in years. A loss of life has been reported from over the state this morning. The wind, it was said, reached 60 miles an hour at 6 o'clock. The streets here are littered with wrecked signs, parts of roofs, broken windows, bricks from chimneys and branches of trees. The wire service throughout the state being completely demoralized. Interurban lines were also hit by the storm.

Heaviest In 25 Years.

Gallipolis, O., March 21.—A wind storm accompanied by thunder and lightning which passed over this section this morning was the heaviest

in 25 years. Buildings were unroofed and wires laid low. Damage in rural districts will amount to thousands of dollars.

Storm Fatal in Columbus.

Columbus, O., March 21.—A terrific wind storm swept over Central Ohio early today, following a heavy rain and thunderstorm earlier in the morning, leaving death and damage in a wide path.

The toll of the wind storm in this city up to 10 o'clock included one death probably a score of persons injured, at least three seriously, numerous small fires and thousands of dollars damage in the destruction of property which was blown down.

The wind reached a velocity of 50 miles per hour and in many instances pedestrians were swept from their feet.

Plummer, a carpenter, was working with him and three other men when a brick building collapsed and buried them in the ruins.

Reports from towns and villages in this section of the state indicate that there has been large property damage in rural sections, houses being unroofed and farm buildings destroyed.

Ironton in Its Grasp.

Ironton, O., March 21.—A wind, rain and hail storm of cyclonic fury swept Ironton from the southwest early doing thousands of dollars worth of damage. The entire roof of the Cincinnati, Hamilton and Dayton Railroad Company's building was lifted and dropped into Seco a street suspending street car traffic two hours. The roofs of the old Christian church and First Presbyterian church were partially wrecked, and many other buildings were damaged. Chimneys were torn down, windows demolished and trees leveled all over the city. So far as learned no one was seriously

injured. Two persons were injured when the wire department of the Kelly Nall and Iron Company was wrecked by brick from the stacks crashing through it. The two persons injured were Luther Page and James Cornute, both employees. Page sustained scalp wounds, while Cornute was less seriously hurt.

East and West Severed.

New York, March 21.—The east and west were severed as effectually as if a Chinese wall had sprung up overnight in the Mississippi and Ohio river valleys. Wind, rain, sleet and hail storms which raged last night and continued this morning caused the worst wire blockade that telegraph and telephone companies have known in years.

Chicago was on the west side of the wall and communication between that city and the east and south ceased at 9 a. m. after the linemen had made a losing fight with the elements. At that hour the companies said they had "lost" everyone of their 200 trunk wires between Chicago and New York.

The farthest western point that could be reached from New York for a time today was Memphis, and communication with Atlanta was possible only by runabout routes.

Because the stock markets of the world were closed on account of Good Friday, the wire blockade did not cause as much inconvenience as it might have on other week days.

Cyclone Hits Alabama.

Mobile, Ala., March 21.—Southern Alabama was swept by a cyclone last night. At Dyas, Ala., a short distance above Mobile, several houses are reported blown down and 15 miles of telegraph lines prostrated in one place.

An unconfirmed rumor from Low or Peachtree, on the Alabama river is to the effect that 14 people were killed and an immense amount of damage done.

Opening Announcement

We would like to announce to the public that we have opened up a store at 118 West High Street, and will carry a first class line of Sporting Good, which will consist of bicycles and accessories, tennis and baseball accessories, fishing tackle, guns and ammunition, and in fact, anything you may wish for field sport.

We invite you in to inspect our fine new stock and get acquainted.

C. A. Graybill

118 WEST HIGH STREET

BETTER THAN EVEN BEFORE

Assurance Expressed By
Wayfarers' Club for
1913 Show.

OLD FAVORITES
ARE IN THE CAST

While New Talent and New
Features Add Strength
To Production.

All former successes attained by
the organization of young
people will be eclipsed at the Fair
on Wednesday and Thurs-
day evenings, when the Wayfarers'
club will make their annual bow to
the Lima public as minstrel per-
formers.

The following touches are now be-
ing put on the performance under
the direction of John L. Callahan,
and it is confidently assured that
the two audiences will witness the
most pretentious home talent pro-
duction ever offered in the city.

The cast this year includes all the
brightest favorites of others years,
a proven new talent to insure a
measure from the sameness that
often causes the second appear-
ance of an organization to become
regime while the performance it-
self will contain features never be-
fore presented at a minstrel per-
formance in this city.

The grand first part, which has
been appropriately labeled "The
Morning Glories," will
contain a scene of such brilliance as
seldom attempted by an amateur
organization. Special scenery for
part of the production is now
being painted in the studio of Ar-
mstrong and Sons, Columbus, which
will be enhanced by the appearance
of the thirty fun-makers and ballad-
ers in special costumes secured
from Shaffner's, Chicago. No small
share of the first part will be the
dramatic effects supplied by Kiegele
New York.

Special attention has been paid this
year to the olio, which will include
sketches by the premier comedians
of the company, Crites and Calla-
han, entitled "Nutt's Nonsense," the
Wayfarers' Mandolin club in popular
classical selections, and the humo-
rous afterpart, "The Battle of Not

Yet," in which the entire company
will take part.

The entire program, announced in
the elegant souvenir program issued
by the club, is as follows:

Grand First Part.
General Stage Director—John L.
Callahan.

Interlocutor—Edward J. Veasey,
Jr.

Ends—C. D. Crites, Ray Jones,
Frank Hume, William Dailey, Aus-
tin O'Connor, Chas. Callahan, Ralph
Wheeler, Frank Gallagher, Jack
Horne, Gale Dunifon.

Soloists—Harry Croy, H. Long,
R. Simons, George Kerr, Harry Am-
stutz, J. E. Neuman, Chas. Hager-
man, Desmond Brady, J. R. Lee, Jr.,
Ed. Stepleton, Walter Grubb, Glen
John, Paul Timmerman, Wilbur
Timmerman, Carl Mulcahy, Harry
Taffinger.

Opening Chorus—A medley of the
popular songs hits of the season, solo
parts by Wilbur Timmerman, Glen
John, and C. D. Crites.
"Good Night, Dear"—J. E. Neu-
man.

"I've Got the Finest Man"—
Ralph Wheeler.

"I'll Build a Wall Around Love-
land"—Ray Simons.

"Lead Me to the Beautiful Band"
—"Dear Old Rose"—Harry Croy.

Introduction of the premier com-
edians, Charles Callahan and C. D.
Crites.

"Dat's a Plenty"—Frank Hume.

William Dailey.

"By the Fountain"—Walter
Grubb.

"Dat's My Honey Sho's Yo' Born"
—"C D Crites."

"Tell Me With Your Eyes"—Des-
mond Brady.

"Take Your Time"—Charles Calla-
han.

"In the Garden of My Heart"—
Harry Taffinger.

Finale, "I'd Like to Lead a Mil-
itary Band"—Frank Gallagher and
entire company.

Ohio.

Crites and Callahan in "Nutt's
Nonsense."

The Wayfarers' Mandolin Club in
popular and classical melodies.

Afterpart.

"The Battle of Not Yet."

Scene—Colonel Roosevelt's Camp
near Salt River. Time—Any time.

Characters.

Gen. Delivery—Jack Horner.

Orderly—Frank Hume.

Roscoe Jackson—Chas. Callahan.

Lize Jackson—C. D. Crites.

Gen. Newsome—William Dailey.

Col. Roosevelt—Ed. J. Veasey Jr.

Algernon Prudence—Harry Croy.

Award Squad Soldiers, etc., by
Members of the Company.

Musical Numbers.

Opening Chorus—Entire Company.

Melodies, Old and New—
Wayfarers' Quartette.

"Old Black Joe"—Austin O'Connor.

"Rag-Time Soldier Man"—
Chas. Callahan.

"Captain of the Corset Squad
Brigade"—Harry Croy.

Finale—Entire Company.

Enough tickets have already been
sold to insure large audiences on
both nights of the performance,
while the indications are that the
capacity of the theatre will be taxed
both nights. The net proceeds of
the entertainment will be used to
furnish the elegant club quarters in
the third floor of the new Key-
stone building recently leased by the
club, which has had a prosperous
growth since its organization in
November, 1910.

The executive staff of the Way-
farers' Minstrels includes:

General Stage Director—John L.
Callahan.

Business Manager—Edward J.
Veasey, Jr.

Asst. Business Manager—Chas.
Hagerman.

Musical Directress—Marguerite
Zender.

Asst. Musical Director—Robert
Baker.

Advertising Representative—C.
D. Crites.

Electrician—R. E. Riley.

Stage Carpenter—Dan Ething.

The Cause of Rheumatism.

Stomach trouble, lazy liver and
deranged kidneys are the cause of
rheumatism. Get your stomach, liver
and kidneys and bowels in healthy
condition by taking Electric Bitters,
and you will not be troubled with the
pains of rheumatism. Charles B.
Allen, a school principal of Sylvania,
Ga., who suffered indescribable tor-
ture from rheumatism, liver and
stomach trouble and diseased kid-
neys, writes: "All remedies failed
until I used Electric Bitters, but
four bottles of this wonderful reme-
dy cured me completely." Maybe
your rheumatic pains come from
stomach, liver and kidney troubles.
Electric Bitters will give you prompt
relief. 50c and \$1.00. Recommended
by H. F. Vorkamp.

OBSERVATION MEAL ARRANGED BY WOMEN FOR MRS. PRESIDENT.

Washington, March 21—Arrangements were completed today for a breakfast on April 5, at which the local society women formally will become acquainted with Mrs. Woodrow Wilson, wife of the president, and Mrs. Thomas Marshall, wife of the vice president of the United States. The breakfast will be given by a committee of Washington women and will be semi-formal. The guests will include Mrs. Champ Clark, wife of the speaker of the house, and the women of the cabinet circle.

Mrs. John W. Kern, wife of Senator Kern, of Indiana, will act as toastmistress and an illustrated lecture on "The Historic White House" will follow the breakfast.

You judge a man not by what he promises to do, but by what he has done. That is the only true test.

Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by all dealers.

FRANCE TO HAVE PARADE OF GREAT BLACK ARMY.

Plans Made For Review of Remarkable
Troops in Paris.

Within the last six years France has
raised a black army approximating
140,000 men, and the ministry of war
and the colonial ministry are now pre-
paring a plan for giving Paris a chance
to see the black soldiers at the na-
tional review on July 14.

It is purposed that each section—the
Senegalese, the Madagascar troops and
others—shall send a delegation and
that President Poincaré shall present
each regiment with its flag. The
First Senegalese regiment, which has
its flag already, will receive the in-
signia and the Legion of Honor, which
decoration was recently gazetted.

France's black army has been
brought into being by Colonel Mangin,
who was when a captain second in
command of Marchand's famous mis-
sion to Fashoda in 1899.

There are very few black officers.
Two years ago there were only a doz-
en. The French find that black men
fight better under white officers, as
has also been the experience of the
American army.

A French military authority, Gen-
eral Bonnal, estimates in a document
which is filed at the French war office
that a division of 10,000 blacks off-
ered by Frenchmen could make a
breach in a German line of battle of
two to three miles and push them
back, scattering infantry, cavalry and
artillery after French troops had pre-
pared the way for them.

Children are much more likely to
contract the contagious diseases
when they have colds. Whooping
cough, diphtheria, scarlet fever and
consumption are diseases that are of-
ten contracted when the child has a
cold. That is why all medical au-
thorities say beware of colds. For
the quick cure of colds you will find
nothing better than Chamberlain's
Cough Remedy. It can always be
depended upon and is pleasant and
safe to take. For sale by all dealers.

SASSAPARILLA OR SASSAPARILLA WOULD HELP THEM.

New York, March 21.—Twelve
special trains from Montreal last
night and today brought over 3,000
Canadians to New York for an Easter
pilgrimage. It is a record, over
a thousand more than came last year.
Most of the visitors explain their

DELIGHT EAR OF HEARERS

In a Program of Much Beauty at Memorial Hall Last Evening.

MUSICAL CLUBS OF WESTERN RESERVE

Come To Lima To Assist Civic League in Grand Work.

The musical clubs of Western Reserve university appeared last evening at Memorial hall, for the benefit of the Civic league, in a program of much merit. Twelve numbers were on the program, making an evening of music worth while. Especially did they appeal to the men and women, for the life of college days was brought back very forcibly.

Deserving of special mention was the sextette from Lucia, performed by Messrs. Briggs, Huntington, Kwis, Sadler, Walters and Yost, with Mr. Mott as director.

The number entitled "Versatility" in which Messrs. Huntington, Sterrett and Walters took part, received much applause. Well did they portray the suby, for while one was performing on the instrument, he was furnishing the fingering for the other man's instrument and vice versa.

In the medley of popular songs, not only were the various instruments brought into play, but the songs as well. The efforts of Mr. Paul Ockert as monologist, in "A Few Moments of Diversion," leading up to sleight-of-hand work, was another one of the numbers really pleasing.

The numbers by the Glee club, of which Mr. Walters is conductor, all came in for general appreciation. The program reached a grand finale in the airs of Ohio colleges, given by both the glee and mandolin clubs and the encore when the music had ceased left no doubt of the happy attitude of the audience.

The audience was not as large as it should have been, when the worth of the performance and the good cause was considered, but counter attractions and the services of Holy week probably barred. The clubs went from here direct to Detroit, where they will appear in a like concert this evening. They were entertained in the homes of Lima citizens while in the city and their coming was of interest, not only in a musical way, but to society as well.

PNEUMONIA FOLLOWS A COLD
but never follows the use of Foley's Honey and Tar Compound. It stops the cough, heals the sore and inflamed air passages and strengthens the lungs. The genuine is in a yellow package with beehive on carton. Refuse substitutes.

WILL BUTTONHOLE HER CONGRESSMAN IN SUFFRAGE CAUSE

Washington, March 21.—"Petit-coated messengers from home" in the shape of suffragists, will descend upon congress when it reconvenes April 7. One delegate from each congressional district will march in the procession on that day from a mass meeting in a downtown theatre to the capitol, each delegate to buttonhole her own particular representative and insist upon his influence toward getting the ballot for women. The senate also will be invaded.

It was announced today that these "messengers from home" also will renew the charges of incompetency against the local police for their alleged failure to protect the women in the suffrage parade of March 3. These charges will be in the form of resolutions adopted by various civic organizations in the several states.

AN EPIDEMIC OF COUGHING
is sweeping over the town and young and old alike affected. Foley's Honey and Tar Compound is a quick safe reliable family medicine for coughs and cold. A. S. Jones, of Lee Pharmacy, Chico, Calif. says: "Foley's Honey and Tar Compound has no equal, and I recommend it as containing no narcotics or other harmful properties."

RELATIONSHIP OF THEIR CHILDREN BECOMES PROBLEM.

Washington, March 21.—Two telegrams were all that were necessary to apprise two families of the marriage of four of their members when Lee F. and Townsend B. Titus, brothers, of Luckett, Va., and Mary G. and Lucy E. Stoneburner, of Lovettsville, sisters, from the same state, broke the news of their elopement and marriage here. They were married by the Rev. Samuel Smith, of Pennsylvania, uncle of the brides, who romantically aided in the double elopement.

"Very interesting" said the marriage license clerk as he made out the necessary papers. "In case of children what relation would

"For goodness sake, spare me that," interrupted Dr. Smith, holding up an appealing hand "I've been asked that before."

The elopement, fearing parental storms, disappeared on a honeymoon and will return later when the situation is calmer.

BUSY DAY
FOR FIREMEN

Department Kept on Jump
Throughout Entire
Morning.

TWO SMALL FIRES
EXTINGUISHED

While Fire Laddies Helped
Repair Damage Caused
by Wind Storm.

Today was probably the busiest day in the history of the central fire department, and Chief Mack and his men were on the jump continually. Besides answering numerous calls for assistance from property owners who had suffered damage because of the high wind, the department responded to two fire alarms, neither of which proved to be of a serious nature.

Failure to observe the regulations governing the installation of flues caused a bad fire which gutted the interior of the Mair building on north Union street, occupied by the Star Messenger Service, about 1 o'clock this morning.

Wendell Miller, one of the messengers, who sleeps in the building, had built a big fire in the stove before going to bed, and towards morning the fire had penetrated through the pipe and set fire to the inside walls.

Chief Mack, upon reaching the scene, directed two lines of hose on the burning interior, and the blaze was extinguished with little damage to the building. However, the entire interior was gutted, and A. T. Abie, the proprietor, estimated his loss at \$150, with no insurance.

Valuable books and papers were burned, while young Phillips lost all his personal belongings except a shirt and a pair of trousers. The building has been condemned by the state fire marshal for several months, and the owners carried no insurance on the building. According to Chief Mack, Abie told him that he was using the building temporarily; otherwise, permission to occupy it in its present condition would not have been granted.

Flue Burned Out.
About 6:45 o'clock this morning, an alarm was turned out from the residence of A. Circle, at 215 west High street. The department was on the scene in a hurry, and an investigation showed that the flue had burned out. Little damage was done to the property.

Best for Skin Diseases.
Nearly every skin disease yields quickly and permanently to Bucklen's Arnica Salve, and nothing is better for burns or bruises. Soothe and heal. John Deye, of Gladwin, Mich. says after suffering twelve years with skin ailment and spending \$400 in doctors' bills Bucklen's Arnica Salve cured him. It will help you. Only 25c. Recommended by H. F. Vortkamp.

COLD WEATHER
REACHES CITY

Weather Man is Doing His Best to
Upset Plans of Those Who
Annually Take Part.

Although winter, with its chilly blasts, was supposed to have made a hasty exit last night at midnight, giving way to the appearance of spring, the weather man has ruled differently and as a result Lima is shivering tonight in what experts call the gentle forecast of a heavy cold wave, to strike here in time to see the Easter parade go by and upset all the plans for this day, when spring finery is first taken from its tissue paper and exhibited to long eyes.

The high wind, blowing almost at the rate of a Lake Erie gale, helps March to sustain her usual reputation and pedestrians to time and fuss at the brand of weather. And what's worse, the weather man says that old winter will have his say and that Spring may have come in officially at midnight, but not so that it is noticeable.

But cheer up. The Fourth of July is coming and how we will wish for some of these days.

SOCIAL EVENTS.

Much interest centers tonight in the presentation of Stainer's "Crucifixion," which will be put on at Christ church, Episcopal by the chorus choir of about thirty voices, under the leadership of Ernest C. Baird and leading soloists of the city. The impressiveness of this delightful cantata and the correct rendition it will be given by Mr. Baird and his chorus of singers, will, no doubt, fill Christ church to the doors. A public welcome is extended.

Owing to the illness and enforced departure of Madame Emily Wakefield from Lima, her place as a member of the committee to make up the program of Russian music has been taken by Mrs. H. L. Goodbread, of Nevada, one of the charming members of the Women's Music club. The program for the matinee musicale Thursday is in course of preparation. Members of the first division will furnish the program. Mrs. John W. Roby has the same in charge, assisted by Mrs. Goodbread.

Returns from the Bird Lovers' league show that considerable interest is aroused and already a number of bird boxes are under construction. Many boys, ranging in age from nine to fourteen years, have taken the pledge, not only to protect the birds themselves, but to see that others do so. A crowd of young boys have also gone to work willingly to turnish bird boxes, much after the plan laid down by the conservation committee of the Lima city federation of clubs, which will be sold. Not in a long time has such genuine interest been manifested in a plan as this league to protect our little feathered friends and rich and poor, high and low, are assisting the birds to build their nests in comfortable places and rear their young undisturbed.

NARROW WAS
THE ESCAPE

Of East Children Who Were
Run Down by the Neely
Automobile.

COASTING ON
A VELOCIPEDE

Which Ran Directly in Path
Of the Approaching
Machine.

A distressing accident occurred on west Market street late yesterday afternoon when a gasoline coupe driven by Miss Edna Neely, of west Spring street, ran down and punily injured Charles East, 6, and Robert East, 10, sons of Mr. and Mrs. C. H. East, of 711 west Market street. The boys were coasting down a driveway near the East home when the accident occurred, and had steered the velocipede into the street to avoid crashing into a huge tree at the east side of the drive.

The view of the driveway is cut off from the east by a hedge, and Miss Neely, who was driving west at a rate of speed not to exceed ten miles an hour, did not see the little tots until the machine was upon them. Prompt work by Miss Neely brought the car to a quick stop and probably prevented serious injury to both of them.

The East boys had been playing on the sidewalk near their home and just before the approach of the automobile had started to coast down the driveway to the A. C. Kettler home at 733 west Market street. Robert, the younger, was on the seat while Charles was standing on the rod between the two hind wheels.

As they approached the sidewalk Robert became frightened at the speed of the velocipede and pleaded with his older brother to stop it to avoid colliding with a tree at the east side of the drive. Charles reached over his shoulders and grasped the handle bars, guiding it into the street.

As they reached the sidewalk, they noted the approach of the automobile and screamed in terror. Miss Neely applied the brakes, and brought the machine to a quick stop, but not until the velocipede had been crushed to pieces under the front wheels of the car.

The children were thrown under the car, and it was feared that both had been badly injured. William L. Parmenter and Charles A. Hoover, who happened to be passing rushed to their assistance, and rescued them from their perilous position. The lads were carried to the home of their parents, and physicians were hurriedly summoned.

An examination showed that neither lad had been seriously injured, although both had sustained severe bruises and abrasions about the body. No bones were broken, and there is nothing to indicate that either lad was injured internally.

Always an Easy Way.
Let the poets who are unable to win notoriety remember that there is always a quick and easy way. All one has to do is enlist in the army and the dash off a bit of doggerel containing an insult to the German emperor.

LEG CRUSHED
UNDER WAGON

Lad Received Serious Injury
When He Fell Beneath
Wheels.

JAMES LADUC HURT
ON WEST NORTH ST.

Boy Rode on Wagon on Way
Home From School
Yesterday.

A badly crushed hip is the penalty which little James Laduc paid for riding on a hay wagon yesterday afternoon after the close of school. The lad, who is but nine years of age, had jumped onto the wagon to ride toward his home, when, in some manner he slipped and fell beneath the heavy wheels. Before the driver of the wagon was aware that every thing was not as it should be, the heavy wheel had passed over the little limbs, and the one was bent, injured. The terrific screams of the child, as well as the cries of the bystanders, caused him to stop at once. He found the little form prostrate on the pavement. He carried it into the home of H. S. Probst, at 41 west North street, and a call was sent in for an ambulance.

The lad was removed to his home at 420 west Wayne street, where there were doctors in waiting. The fractures were reduced as well as possible in view of the extent of the injury. It is not thought there will be any permanent injury as a result of the accident. The lad is the son of Mr. and Mrs. A. Laduc, of 420 west Wayne street.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of the proper food together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samosa, the great flesh-forming food and health restorer. Weigh yourself before commencing to use these little tablets, and see how your weight increases from week to week.

Samosa does not contain a particle of starch or pepsin, nor is it any nauseating preparation, such as is usually recommended to make people fat and which does not build up good healthy tissues. Samosa has valuable flesh-forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samosa, The Melville Drug Company will return your money without any quibbling.

NEARLY ONE-HALF
FIRMLY BELIEVE IN
HARD EXPERIENCE.

Washington, March 21.—More
than 40 per cent of all the farmers
interviewed by government rep-
resentatives believe that experience is
the only way to learn how to farm.

This percentage of old agents recently
sent out by the department of ag-
riculture, that they took no stock in
farmers' institutes, demonstration
agents, farm papers or department
of agriculture publications as aids
in helping to make the soil more
productive.

Starting on motorcycles or on
foot four department agents travel-
led through 15 states, visiting every

farmer along the way and asking
questions. This inquiry revealed
the fact that the farmers who got
department of agriculture bulletins
84 per cent read them and 48 per
cent followed the suggestions con-
tained therein. Of those who at-
tended farmers' institutes, it was
learned that 54 per cent practiced
the methods advocated there.

Way to Wealth.
Having read how the richest men
in the world made their money, it is
easy for the rest of us to go and do
likewise—Sterling Standard.

TEACHERS' EXAMINATION.

Notice is hereby given that examinations
of applicants for county teachers' cer-
tificates will be held in the High School
Building, W. High street, at the corner of Lima,
Ohio on the first Saturday of every month
of the year unless Saturday shall fall on
a legal holiday, in which case the exam-
ination will be held on the succeeding Sat-
urday.

The Teachers' Examination will be held,
at the same place, on the third Saturday
of April and May. The Primary examina-
tion will be held in conjunction with the
regular examination on the third Saturday
of April and September.

OPENING OF NEW LEADER

Marks Addition of Beautiful Mercantile House To Lima.

MR. GUS. HOLSTEIN
ACHIEVES SUCCESS

From "Racket" Store He Has Developed Big Place in Few Years.

Eight and a half years ago there was a store opened up on north Main street known as the Racket store which employed two sales people and occupied a floor space of 22 by 50 feet. This store is known as the Leader store now and has a frontage of 14 feet by 200 feet deep comprising a total space of 17,000 feet and is modern in every respect, employing 36 sales people.

Last evening was given the largest opening in the history of the store and during the opening hours there was a something many of people viewing the practically new store, for that is almost what it is since the remodeling has been completed.

Since the taking over of the City Book store there has been two large arches cut through practically making one large room which is much lighter than the old room and is more convenient for the trade.

The front of the store contains four nice size windows which are so arranged that they give exceptional room for displaying the many kinds of merchandise handled. Having two commodious entrances makes the store easy of access and on entering from either side you are right in the busiest part of the store and can readily see the department in which you want to make your purchases.

On entering on the north side the first thing to greet your eyes is the magnificent display case made of quartered oak and finished in the golden oak and is filled with revolving hangers on display racks being encased with glass doors making them absolutely dust proof. The customer when looking at garments displayed on these racks can readily see every garment displayed.

In the rear of this part is the large millinery department which has been materially added too, since the enlargement of the store. Stepping through the large archway from the millinery department you enter the newly added shoe department which has at its head Louis Rothman who comes to Lima from Cincinnati, where he has been for the past several years in the employ of The Potter Shoe Store, and comes very highly recommended.

On leaving the shoe department you step into the large clothing and furnishing department and from here we enter the large commodious basement where you can secure any article needed in the kitchen or house furnishing line.

In addition to all the foregoing Mr. Holstein is having a Lumber Cash line installed, thus necessitating the changing of the cashiers desk which will be placed to the rear and south of the store and will be accessible from the rear of the building.

Thursday morning Mr. Holstein received a magnificent wreath in the shape of a horseshoe, it was composed of red and white carnations and roses while hanging from the top down through the center was a silk streamer with the words "continued success" inscribed on it. This was sent him by friends in Cincinnati.

After the opening Mr. Holstein

Easter Hosiery

Onyx Hosiery, the best hosiery manufactured, broad assortment in cotton, silk and silk, at 35c, 50c and \$1.00.
Children's Onyx Hose, 25c and 35c.
Men's Onyx Hose, 25c, 35c and 50c.

Easter Neckwear

comprising jabots, lace collars, Bulgarian bows, necker, collar and cuff sets, Modest collars and Robespierre collars at from 25c up.

PREPARE FOR EASTER

You may be handsomely and appropriately gowned on Easter morn, even though the time is very short. The latest Spring fashions and fabrics smile at you winsomely from our well-selected stock of

Smart Suits, Coats and Dresses

brimful of style and ready to put on at the moment of your selection. The disappointments and delays of dressmakers are fully obviated when you entrust your costuming to the Big Store. The money you save on your suit or coat will also frequently purchase you a new Spring hat.

The Suits

Comprise severely tailored and semi-dress models, showing all the modish style features of the season, such as the Balkan blouse, cutaway coats, draped skirts, broadcated revers, contrasting vestes, etc. The materials include sponges, ratines, men's wear serges, shepherd and novelty checks, Bedford cords, poplins, mannish mixtures, etc. in tan, gray, old blue, black and white stripes, navy blue and black. All coats are handsomely lined with satin and thoroughly well finished throughout, \$20.00, \$22.50, \$25.00, \$30.00 up to \$35.00.

The Coats

Are more attractive than ever before. Some are simple, relying upon smart tailoring for their charm; others are elaborate creations in which Bulgarian effects predominate. Long graceful cutaways are much in evidence and are almost universally becoming.

The low waist line and draped effects give a certain foreign dash to some of the models. Among the materials are ratine, sponge, poplin, Bedford cord, basket and novelty weaves in tan, grey, blue, cream; white and deep rich browns. Prices, \$16.50, \$18.50, \$20.00, \$22.50 and \$25.00.

Charming Dresses

are here in plenty. Every gown in this vast collection displays some exclusive and individual style effect. All the favored colorings in Spring fabrics are shown in messadines, charmeuse, serges, broadcated foulards, whipcord, etc., attractively trimmed with dainty laces, contrasting silks, fancy buttons, lace yokes, etc. Every gown is fresh from the designer's hands and correct in style as well as superlative in quality—\$12.50, \$13.50 and \$15.00.

Stylish Gloves for Easter Costumes

Silk Gloves, 16 button length, black and white, special 58c.
Milanese Silk Gloves, double tipped, black or white, \$1.25 value, 85c.
